Company information

ANTIC is a Midwest based title insurance underwriter with licenses in Arkansas, Indiana, Missouri and Mississippi. The foundation of our company is built upon local independent title agents. ANTIC believes the old adage "all real estate is local". Given that belief, the best way to insure a real estate transaction is utilizing the local independent title agent. And since we do not compete directly with the agents, we focus all of our efforts supporting and educating the title agents. The result is the best network of independent title agents in the industry. For more information, contact us at 866-483-2763 or at www.agentstitle.com.
