

JUNE COMMITTEE UPDATE

The Bylaws Committee is actively reviewing proposed revisions—and there’s still time to make your voice heard! The committee welcomes additional suggestions by the end of this month.

If you haven’t read the bylaws recently, they can be found here:

<https://www.indianalandtitle.org//Files/2023/FINAL%2009.18.23%20ILTA%20Bylaws.pdf> Read them over, and if you have ideas or proposals, please send them to Kathy Hulbert and Ed Anania at the contacts below.

Stay tuned: the committee will share its recommendations in August, and members will vote on them during the Annual Business Meeting at this year’s convention.

The Convention Committee is in full-throttle mode, working hard to bring Brandi’s bold vision to life, and this year’s event promises to be the best yet! With the theme “Past, Present, and Future” woven throughout every moment—from the opening icebreaker to the final education session—get ready for three unforgettable days this September.

We want you to be part of the experience! In the email, you’ll find two quick surveys - one to share your company’s history for a special event feature and one to submit a fun suggestion to be included as part of the icebreaker. Prefer to send your company history as an attachment? No problem—just email it to Tom or Linda at the contacts below.

And if you want to help shape something spectacular? Join the Convention Committee today—reach out to Tom or Linda and be part of the magic.

The Education Committee has been hard at work crafting a dynamic lineup of webinars, recordings, and convention sessions, and has just wrapped up planning for this year’s convention! Sessions are currently in the CE/CLE approval process and are being updated in real time on the website, so you can start building your personalized agenda today.

In line with this year’s theme—Past, Present, and Future—our sessions will explore:

- How time-tested practices from the past can still serve us today,
- Practical tools and tips to enhance your current workflow, and
- A forward-looking glimpse into what’s next for our industry.

To help finalize two key presentations—Tuesday’s AI and IDOI sessions—we’ve included quick surveys in the email. Please take a moment to complete them and help our committee and presenters put the finishing touches on an already exciting educational lineup.

So far this year, the committee has delivered impactful webinars on FinCEN, Cybersecurity, and DEI. And there’s more on the way! Look out for upcoming live webinars and self-paced courses
